

2020 SUSTAINABILITY GOALS: PROGRESS UPDATE

TOPIC	2020 GOAL	PROGRESS		
		2014	2015	2016
Agriculture	More sustainably source our key agricultural ingredients.	Developed the seven-step Supplier Engagement Program and convened 14 workshops.	Finalized Supplier Engagement Program guidance document; procured 100 percent of our coffee and tea from more sustainable sources; on track to more sustainably source our key agricultural ingredients by 2020.	Continued to procure 100 percent of our coffee and tea from more sustainable sources; procured 51-75 percent of our lemons and beet sugar from more sustainable sources; procured 0-25 percent of cane sugar, corn and oranges from more sustainable sources.
Climate Protection	Reduce the carbon footprint of “the drink in your hand” by 25% (vs. 2010 baseline).*	Business Units set draft reduction targets through 2020.	Estimated to have reduced the CO2 embedded in the “drink in your hand” by 12% in 2015.	Estimated to have reduced the CO2 embedded in the “drink in your hand” by 14% in 2016.
Giving Back	Give back at least 1% of the Company’s operating income (OI) annually. (%OI; Total \$)	1.3% (\$126M)	1.9% (\$117M)	1.2% (\$106M)
Human & Workplace Rights	Achieve at least 98% compliance with our Supplier Guiding Principles (SGP) among independent franchise bottling partners and 95% compliance among our suppliers.	Bottling partners: 88% Direct suppliers: 90%	Bottling partners: 90% Direct suppliers: 92%	Bottling partners: 89% Direct suppliers: 90%
Packaging & Recycling	Work with our partners to recover and recycle bottles and cans equivalent to 75% of those that we introduce into developed markets.	61%	59%	59.3%
Water Stewardship	Safely return to communities and nature an amount of water equivalent to what we use in our finished beverages and their production. (percentage of water used in our finished beverages (based on year’s sales volume) returned to communities and nature; liters of water used in our finished beverages replenished).**	94% (153.6B)**	115% (190.9B)**	132.9% (221.2B)**
	Improve water efficiency in manufacturing operations by 25%. (% Improvement since 2010; liters of water used per liter of product produced by the Coca-Cola system).	10% (2.03)	12% (1.98)	13% (1.96)
Women’s Economic Empowerment	Enable the economic empowerment of 5 million women across our global value chain (Cumulative as per Coca-Cola’s definition)	865,000	1,200,000	1,700,000

*The percentage calculation of progress toward our “drink in your hand” goal has been internally vetted using accepted and relevant scientific and technical methodologies, but those methodologies are evolving. We are working to simplify our data collection and measuring systems, and plan to have our data externally verified by an independent third party in future years. At that time, we will also revisit our 2015 estimate to ensure its accuracy and make any updates or necessary corrections, if any, to our public reporting.

**As estimated working with our many external partners and using generally accepted, independently peer reviewed scientific and technical methods.
